

MODULE CASSETTES FOR CONNECTING

SINGEL MODE SN:MC - CON-SM
MULTI MODE SN:MC - CON - OM3
MULTI MODE SN:MC - CON - OM4

MC - CON-SM

MC - CON-OM3

MC - CON-OM4

High Density Connecting Cassette Module Series is a versatile solution in multiple sizes (1U/2U/4U) and styles for building back bones, data centers and enterprise applications. It is designed for 1U 144fiber Ultra High-density patch panel, you can mount the cassettes in our series rack enclosures, and this scalable designs can grow with your network system.

ABS housing, Light Weight
 12 Fiber Capacity:
 Designed for FTTH application

LC Connector			
Fiber Mode	Single Mode os-2	Multi Mode OM3	Multi Mode OM4
Insertion Loss (dB)	≤ 0.30	≤ 0.30	≤ 0.30
Return Loss (dB)	≥ 60	≥ 20	≥ 20
Durability (dB)	≤ 0.2 500 times mating		
Tensile Strength (kgf)	10		
Working Temperature (°C)	-20 ~ +70
